The Family Project 2024

Introduction

This project was for fun, and something that the family could enjoy together.
A chance to get to know some family members that you may have not meet yet.

Sorry, not everyone is included in the following pages (the Family Project).

Let's just pretend they were "camera shy." Any-way (or as Grandma Lillian Davison would say, "well any who") we have tried to be as accurate as possible. We apologize for typos or mistakes. Please let us know if anything needs to be added, deleted, and/or corrected.

In the backdrop of the following National events going around the United States:

- Ogdensburg, New York is near several sites of the 1754-1763 French and Indian War.
- American Revolutionary War was April 19, 1775 – September 3, 1783.
- New York City was the capital of the USA from 1785 until 1790.
- Pennsylvania ratify the U.S. Constitution in 1787.
- Ohio was admitted to the Union in 1803.
- Ogdensburg, New York was incorporated (USA) in 1817 as a village, and 1868 as a city.
- First commercial US-built Coal Burning Train was in 1830.
- Jane McDonald and Richard Davison married in Ogdensburg, New York approx. 1852.
- Abraham Lincoln was assassinated in 1865 in Washington, DC.
- Bell launches Bell Telephone Company in 1877.
- Wyoming received statehood in 1890.
- 1902 The Golden Rule (later called the JC Penney store) opens in Wyoming.
- Ford introduced the Model T (car) in 1908.
- Titanic sinks in 1912.
- 1931 - 1933: Amendment 21: Repeal of Prohibition in the USA.
- IBM releases its first personal computer in 1981.
- Cell phones became affordable and readily available in the 1990s.

We provide you an alphabetical listing of the family tree; alphabetical by first name.

**Any items in RED are needing confirmation
(such as a second source).**

We hope you enjoy this book,

Other Resources

There are additional books and documents that need to be crossed-checked with this "The Family Project", they include:

- Memoir; Ben A Brown; 1987 1988
- First 100 Hundred Years Coal Mining Hams Fork Kemmerer Lincoln County; Alice Antilla; Feb 1983
- History of The Upper Hamsfork Valley; Jacob W & Alice Antilla; 1974
- Kemmerer, Wyoming Digging for Western History; Dorothy Wright (Judy Julian and Martha Bertot; 2007
- Wyoming Mine Run; Lorenzo Groutage; 1981
- Several books written by Judy Julian
- a "Davison" book created in Ohio – sorry, we do not own a copy.

These references will be crossed-checked as time allows.

Side Note: Alice (Buck) Antilla was James Buck's sister.

1852 and the Davison name

I refer to 1852 as our brick wall. 1852 is when Jane McDonald (B 1831) and Richard Davison (B 1831) married in Ogdensburg, New York. Jane born in Canada, and Richard born in Ireland. Currently, in our research, we have no parent names or sibling names for Jane or Richard. Thankfully we do have a list of their children. The 1860 Census confirms that they were living in Ogdensburg, New York. Also, I contacted the vitals department for the city of Ogdensburg, NY - they only have records 1881 to present. Hence no marriage or birth information before 1881.

Michigan

There is a city called Davison in Michigan. As far as we know, we are not related. It calls itself "City of Flags." The Davison Historical Museum is near where the flags are flown. There are cities called Robinson in Illinois, Kansas, and Texas.

The Family Project 2024

Distance

For those that would like to research Jane McDonald and Richard Davison, please note that the United States has several points of entry. The distance in between some of these points of entries:

- Ogdensburg, New York to Ottawa, Canada is approx. 70 miles.
- Ogdensburg, New York to Montreal, Canada is approx. 120 miles.
- Ogdensburg, New York to New York, New York is approx. 170 miles.
- Ogdensburg, New York to Ellis Island is approx. 380 miles.
- Ogdensburg, New York to Bar Harbor, Maine is approx. 460 miles.
- Ogdensburg, New York to New Brunswick is approx. 590 miles.

In the 1800s train (railroad) and steamboat transportation (New Brunswick to New York) was available in these areas as well. The St. Lawrence River flows “near” Montreal, New Brunswick, and Ogdensburg (New York). By waterway, St Lawrence River transferring to other waterways reaches Nova Scotia. Also by waterway, St Lawrence River transferring to other waterways reaches Michigan (near Davison, Michigan).

I am wondering if Jane and Richard entered the United States through Canada, and not through a US shoreline port. This will require additional research.

Wall of Tribute

In 1990, a War Memorial was erected in Kemmerer, Wyoming to honor those that have served the Country. The wall includes names of those living in Lincoln County when they were called to serve (which includes Kemmerer). We have had several family members serve this country. Thank you to all that served.

A couple days before the War Memorial Ceremony took place, my brother (Larry Davison) and I (Jeffery Davison) went to meet Ben Brown for the first time. We stepped onto Ben’s property for the first time, Ben stated “I don’t know who you are, but you are definitely Davison’s.” Ben treated us with kindness, and helped make our visit to Wyoming a wonderful trip.

The Family Project 2024

Family helping

Referring to the cover picture, about the time the picture was taken, the Robinson / Davison family loaned money (a business loan) to a man starting a little store which was called the "Golden Rule." Later this man started many stores across the United States under a new name. Grandma Davison would say, "He asked if we wanted our money back, or stock in the business." Then Grandma would say, "The family would ask: why would we want stock?" So, JC Penney (owner of the JC Penney store) paid the family back for the business loan (cash). The JC Penney store became very successful. A different family member would remark years later, maybe the stocks would have been a better choice.

Picture: Golden Rule Store, approx. 1908. Kemmerer, Wyoming. Later named JC Penney store.

The Family Project 2024

Age

The following is a partial list of family members age 91 and older (sixteen) (as of Dec. 2024):

- James T Jones married into the Robinson family, James lived to age 102.
- Mary J (Richardson) Davison lived to 102.
- Annie (Robinson) Davison lived to age 100.
- (Viola) Levon Towle lived to age 97.
- Anna M Seager lived to 97.
- Arthur R Culp lived to 97.
- Arthur J Davison lived to 96.
- Robert C Hutchison lived to 96.
- Allen J Sheerin lived to 95.
- Claire (Richardson) Lowe lived to 95.
- Stella W (Gregory Lloyd Klineschmidt) Woolman lived to 93.
- Arthur Robinson lived to 93.
- Dorothy D (Davison Maret Whitehead) Niedzwiecke lived to 92
- Paul Montrieul (Montray) lived to 92
- James Davison lived to 91.
- Ben Arden Brown lived to 91.
- A couple of others lived to Age 91 plus.

As a side note and not a family member, James Cash Penney (JC Penney) lived to 95.

Cosmetics, Actress, Actor, and Director

Helaine (Buckley Richardson) Seager and her actress daughter, Gwen (Seager) Taylor owned "Pink Ice" which was a very successful cosmetic supply company for Hollywood. Gwen was in several movies.

Larry James Davison worked as an actor and director for many play theaters in California. Larry also worked in several commercials.

Ralph W Davison was a care giver for Greer Garson.

The Family Project 2024

Spelling of a Name

There were several family members named: Merle, Meryl, Myrl, and Myrle. For the purpose of this book we are using the spelling, "Myrl"

For Aunt Mickie, we are using the spelling "Mickie" that my brother Larry had included in his personal telephone directory.

As weird as it sounds, one "Davison" family member married a "Davidson." Should we spell their last name Davi(d)son?

The Davison Name

As far as we know, not relatives, but an interesting story. The rich and famous JD Rockefeller's middle initial D stands for Davison. His mother was Eliza Davison (1813 – 1889).

As far as we know, not relatives, but another interesting story. Norman Davison helped create a city named Davison, Michigan. Norman and his family did spend time in New York and Connecticut as well.

Settlers

James Davison: One of the original settlers of Kemmerer, Wyoming.

William Wallace Richardson: One of the original settlers (April 1900) of Lacombe (near Red Deer and Leslieville, Alberta, Canada).

Jean Baptiste Cyr dit Croque (B 1671, D 1741 Port Royal, Canada): one of the original European Settlers (Arcadie) in North America. Known as the Arcadians (France). Settled in Port Royal. In the 1600s the French called the area New France. In the 1700s the British renamed Nova Scotia (which I assume is New Scotland). Jean Baptiste was the x5 Great Grandparent of Lillian Katherine (Harris) Davison.

The Family Project 2024

Family Doctor (Wyoming)

John Ralph Marquis (1878 to 1939) was the family doctor in Kemmerer, Wyoming and surrounding area. Not family, but took great care of the family. Ben Brown's book mentions Dr Marquis curing the family of the 1918-1919 Spanish Flu with his "satchel full of all kinds of pills." Where was Dr Marquis when we had Covid 100 years later . . .

Dr Marquis also was the doctor when Dorothy D Davison was born in 1925. Dorothy lived 92 years.

Cave (Wyoming)

Dorothy D Davison was born in a "cave" in 1925. The story that I heard was that the local Indians allowed our family to live in a carved out hill (we called cave) with boards used as doors. "Big Grandma" (Annie Robinson Davison) would protect the family with a shot gun.

Two years later (1927), Arthur James Davison was born in the family's new log cabin.

Dorothy, Arthur and Virginia were grandchildren of "Big Grandma" (Annie Robinson Davison).
